Every language has its own idioms and expressions
and the English language has plenty of phrases that is useful to learn.

Happiness, sorrow, victory, defeat, day-night
are the two sides of the same coin.

Similarly, life is full of moments of joy, pleasure,
success and comfort punctuated by misery,
defeat, failures and problems. There is
no human being on earth who on Earth
strong, powerful, wise or rich, who has
not experienced struggle, suffering or
failure.
